## Strong Express—Nato's Joint Exercise

THE NATO joint exercise Strong Express will be held throughout the Northern Atlantic area from 14th to 28th September. The last exercise of similar scope was "Silver Tower" conducted in 1968.

Strong Express is a large land, sea and air exercise which will involve about 64,000 men, 300 ships and 700 aircraft, and will be conducted jointly by the three major NATO military commanders: Admiral C. K. Duncan (USN), Admiral Sir Edward Ashmore (RN), and General A. Goodpaster (USA).

The setting and concept of the exercise correspond to the defensive policies of the Alliance. The exercise will serve several purposes: it will test NATO's defence posture in a vital area and will show both the cohesion of NATO and the will of the Alliance to maintain the indispensable military balance.
